

International Conference

Climate Change Adaptation: Challenges and Opportunities in Water Management

27 SEPTEMBER 2021

AGENDA

TOPICS:

1. Setting the scene
2. Adaptation and maladaptation
3. Adaptation in water planning
4. Who helps who: adaptation and water policies perspectives
5. Crossing sectors: good practice
6. Crossing levels: novel approaches at local scale

Conference Languages: English, Slovak

Contacts: alena.kurecova@vuvh.sk
dana.vrablikova@vuvh.s

VENUE

Bratislava, Slovakia
Bôrik Hotel

Organizers:

EUSDR SK Presidency in cooperation with the EUSDR, Priority Area 4 "To restore and maintain the quality of waters" and Water Policy Directorate of the Ministry of Environment of the Slovak Republic

This project is co-financed by the European Union.

Conference Goal:

The conference is focused on sharing experience and best practices in climate change adaptation emphasizing (green) water retention measures and contributing to better water quality in the Danube Region. Thematically, the conference is also linked with the development of the new Water Policy in Slovakia, which underlines water retention in landscape.
